# CSHEMA Awards Program

CSHEMA celebrates the outstanding achievements of its members through the annual Awards Program. Below are descriptions of all CSHEMA awards.

## General Awards

The **Complete Safety Program Award** motivates members to strive for excellence in designing and implementing safety programs that incorporate novel and/or germane techniques while still meeting regulations. Honorees must meet rigorous criteria and be worthy of international recognition.

The **Solutions at Work Award** recognizes creative problem solving that offers solutions to difficult challenges that are unique to the campus and can be easily adapted by other institutions. Judging criteria include problem identification, implementation method, cost effectiveness, and solution relevance.

The **Newsletter Award of Excellence** recognizes on-campus and off-the-job general safety and/or laboratory safety newsletters intended for faculty, staff, students, and/or a combination of these readers.

The **Perks for Peers Program** promotes interest in and encourages development of innovative programs that improve fire and life safety awareness at colleges and universities.

## CSHEMA Scholarship

One **\$2,000 scholarship** is offered each year to a full-time undergraduate or graduate student enrolled at a CSHEMA-member school. Entrants are required to submit an official transcript, an application form, and an essay addressing a safety, health, or environmental issue relevant to their campus.

## Special Individual Awards

CSHEMA offers recognition awards to pay tribute to those who dedicate themselves to the field.

Both the **Distinguished Service Award**, the Association's highest honor, and the **Honorary Life Achievement** recognize individuals who have made significant and meaningful contributions to the EHS field.

The **Campus Leaders Who Care Award** recognizes the outstanding involvement and support of senior administrators for their understanding of how important environmental stewardship, health, and safety issues are to their institutions.

# 2012 CSHEMA Award Recipients
